Shaping real estate globally... since 1978

At our site, **THE COURTYARD MARRIOTT**, Ramdev Nagar crossroads, satellite, Ahmedabad -380015.India.

The above mentioned pumps have been utilized to unify the entire water supply of the Hotel. The **AQUATICS** team has successfully installed the **HYDRO-PNEUMATIC AND FEED** system. The system is efficient enough to control the water supply of the upper and lower zones, irrigation purposes, flushing and drainage purposes.

The **AQUATICS** service team has provided full cooperation in maintenance and back up for the units since 2009. Their nature and approach is friendly and scientific. With an experienced team of efficient technicians, they have tackled all our problems, be it repair or maintenance.

The **AQUATICS** service team has also installed the control panels of Drainage Pumps and Feed Pumps for better operation. Their services have helped us take care of the comforts of our members and guests.

Based upon the performance of the system and our 2 year old relationship with ITT channel partner **AQUATICS**, we would recommend this product to all the prospective buyers.

Thanking you.
